

# ASK Industriereiniger

# ASK Industriereiniger

**Intensive wide-area cleaner for artificial stone floors,  
stoneware**

#### Area of application

Suitable for all waterproof, solvent and alkali resistant floor coverings, especially for soiled and for structured industrial floors as well as stoneware, artificial stone and other artificial stone floor coverings. For machine and manual cleaning.

#### Application

Depending on the degree of soiling, ASK Industriereiniger can be diluted from 1–5 % by cold water. Apply the cleaning solution either by machine or manually in by 2-step wet-mopping method and remove the dirt. In case of wide-area cleaning, we recommend the use of the powerful automatic DR.SCHNELL dosing technique.

#### Product characteristics

- Removes heavy soiling after short contact time
- For maintenance and intensive cleaning
- Perfectly suitable for rough and structured surfaces
- Foam reduced

#### Note

Follow the safety rules.
