

# AMIDOL

## Metal Surface Protection

### Area of application

Can be applied to all metal surfaces, especially polished stainless steel surfaces. For effective protection of vertical surfaces in kitchen area, such as wall units and cabinet doors, dishwasher enclosures, extractor hoods, covering hoods.

### Application

Spray AMIDOL on a soft, clean cloth, and spread a thin layer on the surface. Thoroughly clean very dirty surfaces beforehand, and dry. Remove any grip marks simply by using a dry, clean cloth (such as disposable kitchen towel).

### Product characteristics

- Effective metal protection
- Suppresses fingerprints and/or removed grip marks
- Prevents quick new staining
- Uniformly shining appearance
- Shines without polishing
- Simple and economical in use
- HACCP certificate is available

### Note

Must not be applied on working surfaces which get in touch with food.
